The main program of Chongdong Theater is the 'Traditional Arts Performance.' The Traditional Arts Performance is presented everyday and has become a place where traditional arts are introduced to foreigners. Jeongdong Theater's 'Ssamji Madang' has become a cultural site for the public. It is where special event performances usually take place. The theater is located on the B1 floor, and on the ground level is a petite park. When entering the Jeongdong Theater lobby, a little art gallery grabs your attention. The lobby walls were transformed into a gallery. Anyone can spend time here without being bored. The gallery always has a certain theme and the theme changes periodically. Inside the building, brochures explaining the performance schedules are laid out. You do not need to pay as entrance is free.
